## FLASH STEEL HD

Part #	Description
49-00-5625	6" drop / 5" rise
49-00-5925	10" drop / 9" rise

**The FLASH STEEL ball mount** is built to tow your heaviest trailers with ease.

**Fast and simple adjustments.** With adjustable height and dual hitch balls, it makes towing and adjusting easy for multiple trailers.

**Engineered with a solid shank** from forged steel, so you can tow with total confidence.

**Commercial-grade ball mount** with a high towing capacity, durability, and exceptional strength to meet all your towing needs.

**Powder-coated finish** is made to resist rust in the harshest environments for years of reliable towing.

Easily stow away your 10" model under your truck.
